

Are you hoping for a better tomorrow? The day to day challenges of living with epilepsy or caring for someone with epilepsy can be difficult. You are not alone; we can help. Join us as we share support and encouragement at the **NEWEST Epilepsy Support Group Meeting** in the Temple Area. Epilepsy support groups are designed to provide peer support, information sharing, and discussion of common interests. This is a place where you can talk about the issues that concern you, with people who know where you are coming from – join the network of people that want to help you live life to the fullest!
